Comments:

Program Learning Outcomes:

1. Integrate understanding of the needs, the characteristics, and multiple influences on development of all children birth to age eight as related to high quality care and education of young children.
2. Analyze, demonstrate, and evaluated effective practice in working with young children.
3. Design, implement, and evaluate environments and activities that support positive developmental play and learning outcomes for all young children.
4. Apply effective guidance and interaction strategies that support all children's social learning, identity, and self-confidence.
5. Apply ethical standards and professional behaviors that demonstrate understanding and knowledge, deepening the commitment to Early Care and Education profession.

To obtain the Associate in Science in Early Childhood Education for Transfer Degree, students must complete the following requirements:

- Certification of either the California State University General Education Breadth (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC-CSU version) is required.
- CSU GE-Breadth and IGETC advisory sheets are available in Student Services, AC2 #133.
- To see what CSU campuses accept this degree go to www.icangotocollege.com.

A minimum of 60 CSU-transferrable units with a grade point average (GPA) of 2.0 or better must be completed.
