(Page 8 of 2021-2022 catalog)

December 13 – 31 (M-F) Winter Recess (campus is open December 13-23; campus is closed December 24 – January 2).

Correction: changed “campus is open December 13-24; campus closed December 25 – January 2” to “campus is open December 13-23; campus closed December 24 – January 2.”

Correction to Credit by Exam Fee*

Fall 2021 (Page 18 of 2021-2022 catalog)

Application for Credit by Examination (CBE) is available in the Admissions and Records Office located in (AC2-130). If the application for the credit by exam is approved, the student must pay the credit by exam fees to the Admissions and Records Office no later than the end of the ninth week of the semester. Fees are the state per unit fee required by State Law (E.C.76300;5, CCR 58753) which is currently \$46 per unit. (i.e., Credit by exam for a 4.0 unit class would be \$46 per unit enrollment fee* for a total of \$184. If California residency has not been established, non-resident tuition fees will also be added). Students awarded the California Promise Fee Waiver are entitled to have the fees waived and paid by the waiver. Loss of the California Promise Fee Waiver after fees are waived would result in the student becoming responsible for the CBE fees. The receipt for payment must be presented to the instructor before the exam will be administered.

Correction: The entire paragraph was revised.

COMMERCIAL MUSIC

AUDIO PRODUCTION

(MAJOR #C.5850.CA)

CERTIFICATE OF ACHIEVEMENT

PROGRAM LEARNING OUTCOMES:

A student who successfully completes this degree will be able to:

1. Prepare and operate audio systems for recording, mixing and mastering.
2. Explain the history of audio production and important musical and technological developments and relate them to modern audio production techniques.
3. Assemble a portfolio of audio recordings as self-promotion and marketing materials for entering the workforce.

Catalog Description: The Certificate of Achievement in Audio Production provides aspiring music producers access to the essential technology, techniques, and business practices they need to pursue additional studies or a career in music production and is part of a series of Commercial Music certificates. Students cover a broad history of music, music production, and music theory in addition to specialized courses in audio production. The focus is on operating a home or mobile studio while gaining fluency with the basic operations of a professional recording studio. Through the certificate, students develop a portfolio that can be used to apply for internships or jobs, as well as understand the important legal aspects of the music business.

CHILD DEVELOPMENT

ASSOCIATE IN ARTS IN CHILD AND ADOLESCENT DEVELOPMENT FOR TRANSFER DEGREE

(Major #C.5606.AA-T)

Program Learning Outcomes

1. Differentiate development in various domains of child development: physical, psychosocial, and cognitive, including typical and atypical development, and integrate knowledge of the domains into comprehensive understanding of child development.
2. Differentiate the major perspectives of psychology, including the areas of biological, behavioral, cognitive, psychodynamic and humanistic psychology.
3. Demonstrate reasonable knowledge regarding descriptive statistics and will be able to calculate the mean, mode, median, range and standard deviation.

Catalog Description

The Associate in Arts in Child and Adolescent Development for Transfer (AA-T) is intended for students who plan to transfer and complete a bachelor's degree in Child Development; Child Development (Pre-Credential) Child and Adolescent Development; Child, Adolescent & Family Studies; Family & Consumer Sciences (Child Development & Family Studies); Human Development (Adolescent Option, Childhood Option, Children's Services); Liberal Studies (Child Development). or a major deemed similar at a CSU campus. Students completing this AA-T degree are guaranteed admission to the CSU system but not necessarily to a particular campus or major of choice. Students should consult with a counselor for more information on admission to specific universities and their transfer requirements as individual schools may require different or additional course work to that listed for the Associate in Arts in Child and Adolescent Development for Transfer.

To obtain this Associate Degree for Transfer, students must complete the following requirements:

1. Complete 60 semester or 90 quarter CSU transferable units.
2. Obtain a minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework. While a minimum of 2.0 is required for admission, some transfer institutions and majors may require a higher GPA.
3. Complete a minimum of 18 semester units in a major. All courses in the major must be completed with a grade of C or better or a "P" if the course is taken on a "pass-no-pass" basis (Title 5 § 55063). Even though a "pass-no-pass" is allowed, it is highly recommended that students complete their major courses with a grade.
4. Obtain certification of the Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth (CSU GE-Breadth) pattern.

GEOLOGY

ASSOCIATE IN SCIENCE IN GEOLOGY FOR TRANSFER DEGREE

(Major #C.6001.AS-T)

Program Learning Outcomes

Students completing the program will be able to:

1. Identify, describe, and classify earth materials, formations, and structures and interpret them in terms of geologic processes.
2. Synthesize information from a variety of physical science disciplines to solve geologic problems.
3. Develop and demonstrate analytical and critical thinking skills required for transfer into a four-year geologic science program.

Catalog Description

Students will apply basic geological principles and skills to complex earth science problems in order to investigate, understand, and communicate effectively about current real-world problems. They will synthesize information from a variety of physical science disciplines to solve geologic problems, including identifying, describing, and classifying earth materials, formations, and structures and interpreting them in terms of geologic processes. Students will develop and demonstrate analytical and critical thinking skills required for transfer to a four-year geology, earth science, planetary science, or similar program.

To obtain this Associate Degree for Transfer, students must complete the following requirements:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth requirements.
 - b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtainment of a minimum grade point average of 2.0. Associate Degrees for Transfer (ADTs) also require that students must earn a “C” grade or better in all courses required for the major or area of emphasis.
