

Multimedia Program

A vibrant career path!

At Clovis Community College, we encourage creativity and artistry through traditional and emerging techniques and technologies in the visual arts and music. Through a foundation in drawing and the elements and principles of design, you will learn the latest in industry standards and open-source software.

- State-of-the-art facilities include a Mac computer lab equipped with the best teaching tools available in the industry
- Mac computer lab includes analog synths, microphones, audio interfaces, and software
