

2017-18

Associate in Science in Child Development Degree

Complete the following program of study (Major C.5610.AS). Major requirements (30 units minimum).

The Associate in Science Degree in Child Development is designed to prepare students to work with young children in a variety of early care and education settings. Upon completion of the A.S. degree, a student possesses the course work required to work as a teacher in both private and public early care and education settings serving preschool-age children. Additionally, students completing documented work experience are eligible to apply for the California Child Development Permit through the Commission of Teacher Credentialing at either the Teacher, Master Teacher, or Site Supervisor Level which qualifies the student to work in a State of California funded (Title 5) early care and education program.

Name: _____ Student ID: _____ Date: _____

Course Overview and Selection

Required Core:

Course	Course Description	Units	Completed	In Progress	Planned
CHDEV 1	Principles and Practices of Teaching Young Children	3
