

2020-2021

Certificate in Health Care Interpreter

Complete the following program of study (Major C.4501.CN). Major requirements (12 units minimum). The Health Care Interpretation Certification Program's purpose is to prepare bilingual and bicultural individuals to develop skills necessary for effective language interpretation in health care settings, to bridge the cultural gap, to develop cultural competency, and improve linguistic and cultural communication for health care clients. Interpreters will utilize these skills in community based organizations to provide accurate health care information and perform cultural advocacy as required by Federal law.

Name: _____ Student ID: _____ Date: _____
