This worksheet is for local associate degrees and not for the aa-t and as-t (transfer) degrees.

Notes:

General Education Areas(s) A-D may include courses that satisfy more than one of these areas. A course marked with an asterisk () may be **used only one time** to satisfy one AREA within AREA(s) A-D.

Title 5 § 55063

- However, a course that appears in Areas A-D may satisfy a requirement identified as satisfying a Competency Requirement, and/or Areas E-G unless stated otherwise.
 - For example, ENGL 1A counts for AREA DI, English Composition as well as the Writing & Reading Competency.
- Classes may double count toward multiple local degrees offered through Clovis Community College. Information regarding local degrees offerings is available:
 - College Catalog
 - On campus in Student Services, # AC2133
 - Online college website Clovis Community College Programs/Majors

**Exceptions will be considered for P.O.S.T. program candidates, Basic Fire Academy graduates, or who submit a physician's statement certifying that they are not physically able to participate in physical activity classes.

*** **Veterans or Active Duty Reservist.** Clovis Community College will grant course credit to a Veteran or Active Duty Reservist student who has completed basic military training verified by form DD-214 (Separation Document), Joint Services Transcripts, or other official forms submitted to the Veterans Counselor. The documentation must delineate completion of basic military training or credit earned in a military school.

**** **Digital Technology Literacy.** Courses in digital technology literacy are those which examine the skills and ethics needed to become capable and responsible digital citizens. To satisfy the general education requirement in digital technology literacy, a course should help students develop an awareness of the five competencies associated with digital technology literacy, utilize multiple aspects of digital technology, and courses primary focus must be in working with computer technology.

To use information and communication technologies to:

1. Find, navigate and evaluate digital content.
2. Create solutions using digital technology.
3. Create digital content.
4. Communicate using digital content.
5. Examine ethical implications associated with technology usage.

These courses should develop an awareness of the skills needed to work and live in a culture that is increasingly becoming more technological. Students may petition for courses to count towards this requirement, if the course is not listed above.

P/NP Pass/No Pass: is an option instead of traditional letter grade (A, B, C, D, or F). Some courses are graded on a Pass/No Pass basis or when a student elects this grading option, the grade of P, Pass, will be assigned the course with a grade equivalent of A, B, C, and credit will be awarded for the unit value of the course.
