

2024 - 2025

Management Associate in Science Degree

Complete the following program of study (Major C.2180.AS). Major requirements (33-34 units minimum). This associate degree is intended for students who wish to be successful in the business environment, especially those wishing to start, own, or operate a small business. The course of study will prepare the student to successfully operate a small business. They will have acquired the necessary skills, education, and classroom experience to understand how businesses function, the role that management plays in effective business operations, and the many facets of organizational behavior and employee motivation in the workplace. They will be able to apply these skills immediately in their efforts to establish a small business.
