

## DAMON RAPADA EARNS THE 2019 PRESIDENT'S AWARD

Mr. Rapada is a first-generation Latinx college student. He is an amazing student who has done so much for the college. He served as the Associated Student Government (ASG) Student Representative to the Board of Trustees and later as ASG President. He worked as a student assistant and played a major role in helping open the Valley Community Small Business Development Center (SBDC). Mr. Rapada delivered a wonderful

speech at the inaugural president's breakfast last September. He is always willing to help, volunteer, and serves as a great role model for students. Last fall, he endured a challenge when his mother, a single parent, lost her job. He made a very mature decision and resigned as ASG president to get a job to financially help his family. During this time, he always stayed positive and knew the right thing to do was to support his family. Damon earned an associate degree for transfer in political science and will transfer to University of California, Davis this fall. Eventually, he plans to attend law school and become an attorney. We know Damon will represent the "Crush" well in his future endeavors. [Damon was recently interviewed about his experience at Clovis Community College.](#)
