2020-2021 CATALOG ADDENDUM

CREDIT FOR MILITARY SERVICE Fall 2020 (Page 29 of 2020-2021 catalog)

Correction: The reference to "General Education Area A" in the catalog has been corrected to "General Education Area E" as follows: Clovis Community College will grant course credit to a Veteran or Active Duty Reservist student who has completed basic military training verified by form DD-214 (Separation Document), Joint Services Transcripts, or other official forms submitted to the Veterans Counselor. The documentation must delineate completion of basic military training or credit earned in a military school. Clovis Community College will award 2 units of physical education and 3 units to meet the awareness of lifetime physical and mental wellness requirement for local associate degree or 3 units of credit in CSU General Education Area E (Lifelong Learning and Self- Development) and 2 units general elective credit.

Additional credit may be granted according to the recommendations in the guide published by the American Council on Education and discipline faculty review.*

*Students with military credit should consult with their intended transfer institution to determine acceptance of military credit awarded by Clovis Community College.

OCCUPATIONAL THERAPY ASSISTANT

OCCUPATIONAL THERAPY ASSISTANT

(Major #C.4502.AS)

ASSOCIATE IN SCIENCE DEGREE

Program Learning Outcomes:

1. Students demonstrate ability to respond and react appropriately in various Occupational Therapy practice environments where Occupational Therapy could be utilized, to prepare them to obtain an entry-level position as an Occupational Therapy Assistant.
2. Students will demonstrate ability to utilize preparatory, purposeful, and occupation-based activities to maximize independence for all age groups, disabilities and occupational roles.
3. Student will be eligible to take the National Registration Examination for Occupational Therapy Assistants.

Catalog Description

Certified Occupational Therapy Assistant practitioners work in variety of settings, such as hospitals, rehabilitation centers, skilled nursing facilities, home health settings, school-based settings, psychiatric hospitals, outpatient clinics, private-practice settings, and emerging areas of practice (e.g. jails, recreational/leisure, or community benefit organizations).

The Associate in Science Degree in Occupational Therapy Assistant (OTA) program is designed to prepare each student for competent entry-level practice, be prepared to take and successfully pass the national certification examination and become a licensed as a Certified Occupational Therapy Assistant (COTA). Students completing the Occupational Therapy Assistant Program will develop an understanding of the scope of practice for COTA's under the practice framework of Occupational Therapy, in order to develop, restore or maintain, physical, cognitive, developmental and/or psychosocial aspects of functioning that impact participation in activities of daily living.

The 16-month OTA program is designed as a cohort model, with each cohort beginning each Fall semester. Students advance through coursework progressing in a designated sequence. Students are required to complete supervised clinical fieldwork experiences as a corequisite to academic courses, that are integrated throughout the program. Program and fieldwork requirements include completion of fingerprinting, background check*, drug screening, physical examination, providing documented proof of immunizations, TB test clearance, and current CPR certification for health personnel; Uniforms are required for didactic and fieldwork courses.

Level I fieldwork experience totals 100 hours with an additional 50 hours devoted to on-campus seminars that compliment core coursework.

Level II fieldwork is completed in the final semester and requires the completion of two, full-time experiences totaling 640 hours (320 hours each) with an additional 80 hours of on-campus seminars. Fieldwork experiences are unpaid and complement the required coursework (ACOTE standard C.1.10).

Clovis Community College has applied to the Accreditation Council of Occupational Therapy Education (ACOTE) for the opportunity to develop an Occupational Therapy Assistant program. The contact information for the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA) is 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE's phone number, via AOTA, is (301) 652-AOTA, and their web address is www.acoteonline.org.

Per ACOTE timelines, projected candidacy status approval for the Occupational Therapy Assistant program at Clovis Community College is anticipated March 2020, first class start in August 2020, initial report on self-study due March 2021, pre-accreditation decision on August 2021, initial on-site evaluation on October/November 2021, with accreditation decision to be provided December 2021. If ACOTE withholds accreditation due to the OTA program not being in substantial compliance with accreditation standards, all of the OTA core course units are void and non-transferrable to another institution. Should accreditation be withheld. The OTA program at Clovis Community College has the opportunity to appeal the decision. In the event of non-accreditation, the OTA program faculty will assist students in identifying other institutions of higher education in order to meet individual educational goals.

***IMPORTANT NOTE:** Individuals considering entering the Occupational Therapy Assistant Program who have been convicted of a misdemeanor or felony crime will be unable to complete course and program objectives. Applicants with a history of any matters that may flag a background check and/or drug screening should contact the OTA program director for confidential advisement and planning prior to applying to the program.

CHEMISTRY

ASSOCIATE IN SCIENCE IN CHEMISTRY FOR UC TRANSFER DEGREE

(Major #C.6400.UCTP)

Program Learning Outcomes

1. Solve chemistry-related calculations using mathematical problem solving skills.
2. Write chemical equations for organic and inorganic chemical reactions.
3. Collect and analyze data in the laboratory and report accurate conclusions.

Catalog Description

An Associate in Science in Chemistry for UC Transfer is designed for students who plan to complete a bachelor's degree in a similar major at a UC campus. An Associate in Science in Chemistry for UC Transfer develops a student's ability to collect, record, organize, analyze, critically evaluate, and interpret chemical information and data. Within the program a student learns how to apply appropriate theories and techniques, to solve quantitative and qualitative problems. The program involves learning how to use computational and critical thinking skills, applying concept knowledge, and effectively communicating scientific information. These skills and this set of knowledge is valuable to a student transferring to a UC to major in chemistry. It also enhances a student's preparation to go on to earn a graduate degree as well as a wide range of rewarding careers.

ART (ART)

41B INTERMEDIATE DIGITAL MULTIMEDIA

3 units, 2 lecture hours, 4 lab hours. (Pass/No Pass).

ADVISORY: Eligibility for English 1A.

This course is an intermediate course in multimedia for the graphic and visual arts. The course expands upon the learning of multi-media authoring programs and mastery of interactive media design. (A, CSU)

42B INTERMEDIATE 3D ANIMATION

3 units, 2 lecture hours, 4 lab hours. (Pass/No Pass).

ADVISORY: Eligibility for English 1A.

Art 42B is an intermediate course that builds and expands upon the concepts and techniques learned in Art 42. This course concentrates more on the animation aspects of the 3D process in an engaging production environment. (A, CSU)

BIOLOGY (BIOL)

272 ASSISTANCE IN BIOLOGY

1 unit, 3 lab hours. (Pass/No Pass) Only.

This course is intended for any student who would like assistance with biological concepts. This course is open to any currently enrolled biology student. Students learn biological concepts, critical thinking, and study techniques. Students develop, improve, and refine biological theory and practice through guided practice in a lab setting.

OCCUPATIONAL THERAPY ASSISTANT (OTA)

1 STRUCTURAL FOUNDATIONS AND THEORY OF OCCUPATIONAL THERAPY

3 units, 3 lecture hours.

PREREQUISITES: Enrollment in the Occupational Therapy Assistant program, Health Care Ancillaries 5, and Office Technology 10.
